Silkebånd

Silkebånd i 2 versioner

Du får brug for:

- . PSP X
- Måske kan du lave den i andre versioner, jeg hører gerne fra dig om den gør :o)
- . Gregs Factory Output vol2 > Cross Shadow
- . Filter Factory Gallery A > Pool Shadow
- . Simple > 4 Waverage

Der er ikke så megen forskel på de to Shadow filtre, men nogen gange er den ene bedre end den anden med, så prøv dig frem.

Simple > 4 waverage, behøver man heller ikke bruge, selv varierer jeg lidt imellem med og uden...

■ . Nr. 1

* *

åbn et nyt billede i ønsket størrelse, mit er 1280x100 px

Vælg Pentool med disse indstillinger, du kan variere bredden på dit bånd ved at ændre på Width

Vælg en forgrundsfarve du vil bruge, jeg har brugt, #7b2435
 Luk for baggrundsfarven.

Tegn en lang linie, gerne udenfor dit billede
